## CLOUD 9 RETREATS

The retreat is designed to stoke the fire that fuels our furnace, and to provide a framework for students to embrace the intimacy of the Father's heart, providing the inner-motivation that makes Christianity an inside-out experience. Within this framework, students will gain practical skills for hearing his voice and for recognizing those promptings from the Spirit that open the door to God's extravagant grace. In all our retreats we want to focus specifically on the kingdom-type of living that Jesus came to illustrate for us in our lives. Of course we're also very excited about the incredible opportunity that this retreat provides for our students to passionately worship God, hear from Him, and be touched by Him.

"If you are thinking of going but are not sure, I gotta tell you this: GO! God is so real there."

- John

## CLOUD WHAT?

Cloud 9 is a Vineyard (and friends) youth retreat for Middle School and High School students. Cloud 9 2006 will be the 13th installment of this annual weekend! This year we expect over twenty churches and 550+ teens from all over the Great Lakes Region to participate.

Each year we see God touch students’ lives in many different ways. That’s what makes Sunday’s service of testimonies so exciting! In worship, teaching, and ministry God is visibly present!
